

The KT-1942-101 is a highly-versatile 19-inch rack that is a perfect fit for a wide variety of IT and Data Center applications. This EIA rack meets or exceeds EIA-310E/IEC-60297-2 standards.

- Total of 42 EIA Rack Units
- Supports 1400 kg of equipment
- Knock-down design for efficient shipping
- Quick assembly time (approximately 15 minutes)
- High-quality, cost-effective solution
- Depth adjustable 19-inch vertical rails
- Heavy duty 3-inch casters for increased mobility
- Heavy duty leveling feet
- “U” markings on rails for convenient equipment installation
- Dimensions conform to EIA-310E and IEC-60297-2
- Optional accessories
- 3 year limited warranty

**System Components**

Component	Description
Front/Rear Doors	Contoured high-density perforated door exceeds major IT equipment air flow requirements. Quick release, field-reversible doors are easily removed.
Side Panels	Split-level side panels provide convenient access to installed equipment. Also, can be used as end-of-row airflow containment panels.
IT Support Brackets	Design to support IEC-60297-2 Type B equipment. Several options are available based on equipment weight and height.
Cable Management	Several cable management panels/organizers are available to manage the rack cables.
Baying Kit	Connects racks together to provide more stability.
Lifting Eye Bolts	Provides the capability to lift the assembled rack if needed.
